

2.3m (7'7") X 9.3m (31') long drum provides excellent screening results.

Highly efficient hydraulic drive system with Intelligent load sensing.

A remote operated 180° Radial Fines Conveyor creates impressive stockpile volumes.

HMI Control Panel provides easy fine tuning for accurate application performance.

Large hopper capacity of up to 12m³ (15.7yds³)

Innovative sliding Feeder feature allows for easy drum removal and screen media exchange.

Various aperture meshes, punch plate panels, fully welded punch plate drums with scrolls are available

A heavy duty 1200mm (48") wide Over-size conveyor provides a discharge height of up to 3.7m (12'5")
