

TECHNICAL SPECIFICATIONS	
Capacity up to	275 sT
traints	30 sT
Weight incl. single deck after screen IMPERIAL	33 sT
	36 sT
Inlet opening	30" x 38"
Hopper	4,5 yard³
Feed hopper in HB450 and wear lining in HB 450 & 500	•
Hydraulic foldable hopper walls	1
Loading height	10'6"
Loading width (back)	7'10"
Side loading length	11'3" right, 9' left
	HB 450 welded/ HB 500 bottom
Wear lining	•
Vibrating feeder with pre-screen, l x w	12'2" x 3'
Pre-screen scalper, l x w	3'11" x 3'
Screened fraction either in crusher bypass or separately stockpiled (option)	•
Vibrating feeder, l x w	n/a
Independent vibrating Double Deck pre-screen	n/a
Double deck pre-screen, l x w top deck	n/a
Double deck pre-screen, l x w bottom deck	n/a
Under screen conveyor: Reversible, to crusher bypass or to side conveyor	/
Fine fraction either in crusher bypass or separately stockpiled (option)	n/a
Intermediate fraction in crusher bypass	n/a
Intermediate fraction either in crusher bypass or separately stockpiled (option)	n/a
Turnable heavy duty bar for edge protection in inlet	•
Impact Crusher	
Weight of impact crusher (excl. milling beam)	9 sT
Inlet opening	30" x 38"
Rotor width	3'
Rotor diameter	3'8"
Rotor weight (excl. Bearings)	3,5 sT
Impact aprons	2 pcs
Hydraulic release system inlet area via remote control	•
Hydraulic setting of aprons, turning spindle for fixation of the back stop.	•
Spring force adjustments and shimming plates fixation"	
Standard access to crusher house	right side
Vibrating discharge feeder (l x w)	
Main conveyor belt (l x w) & (discharge height)	26'7" x 3'3" (10'10")
Main conveyor belt height adjustable at discharge and lowerable mechanism	•
Main conveyor hydraulic foldable for transport	•
Track-unit: Length, total width, track shoe width	10'10", 7'7", 1'2"
2-speed track drive	0,7 and 1,2 mph
Drop-off engine	/
Engine unit(s), indication, sometimes more optional engines	202 kW @ 1500 RPM, 222 kW @1800 RPM
Control	PLC – IP 67 LCD screen 7" & remote control
Smart sequential auto start/stop from remote control	•
Safety protection with special key system, emergency stops,	•
machine stop at remote, protected doors during operation and other safety features	
All drive drums and return drums of belt conveyors are greased for life	•
Patented tilting chassis for increased maintenance access and to increase feed capacity if needed	- /
Available drive systems	/
Diesel/hydraulic drive	•
, -	•
Rotor direct driven by engine, electric driven components	
e-drive Diesel/hybrid, electric plug-in & plug-out	•
ZERO drive (no combustion engine, plug-in electric)	•

OPTIONS

Hopper extensions	OPTIONS		
Screen media pre-screen Range of punched plates, screen plates and Zis zag-shaped or blind plate Stockpiling Side belt conveyor from pre-screen l x w (discharge height) 12'10 x 1'8" (8'6") Milling beam . Deviation plates . Several quality blow bars . Swiveling arm and hoist to change blow bars . Frequency inverter for crusher drive on e-version . After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor 10'2" x 4'8" Oversize stockpile conveyor l x w (discharge height) 14'5" x 1'8" (8'3") 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Screen media after screen Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) 19'8" x 1'8" (10') Fines conveyor, l x w (discharge height) 13'9" x 3'3" (10'2") Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) / Walkways besides the screen box / Other options			
Stockpiling Side belt conveyor from pre-screen l x w (discharge height) Milling beam Deviation plates Several quality blow bars Several quality blow bars Several quality blow bars Frequency inverter for crusher drive on e-version After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor 1 x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system			
Milling beam Deviation plates Several quality blow bars Several quality blow bars Several quality blow bars Swiveling arm and hoist to change blow bars Frequency inverter for crusher drive on e-version After screen Single deck after screen: lx w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor lx w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, lx w 10'2" x 4'8" Bottom deck, lx w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, lx w (discharge height) 19'8" x 1'8" (10') Fines conveyor, lx w (discharge height) 19'8" x 1'8" (10') Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system			
Deviation plates Several quality blow bars Swiveling arm and hoist to change blow bars Frequency inverter for crusher drive on e-version After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor l x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) 19'8" x 1'8" (10') Fines conveyor, l x w (discharge height) 19'8" x 1'8" (10') Fines conveyor, l x w (discharge height) 19'8" x 1'8" (10') Fines conveyor, l x w (discharge height) All y a y a y a y a y a y a y a y a y a y		12'10 x 1'8" (8'6")	
Several quality blow bars Swiveling arm and hoist to change blow bars Frequency inverter for crusher drive on e-version After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor l x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system - Central greasing system	Milling beam	•	
Swiveling arm and hoist to change blow bars Frequency inverter for crusher drive on e-version After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor l x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Bottom deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly / Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Deviation plates	•	
Frequency inverter for crusher drive on e-version After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor l x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Pust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system - Valva discharge height) - 10'2" x 4'8" 10'2"		•	
After screen Single deck after screen: l x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor l x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w Bottom deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly / Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options - Central greasing system - 10'2" x 4'8" 10'2" x	· ·	•	
Single deck after screen: I x w, incl oversize, recycling and fines conveyor Oversize stockpile conveyor I x w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, I x w Bottom deck, I x w Bottom deck, I x w Screen media after screen Middle fraction stockpile conveyor, I x w (discharge height) Fines conveyor, I x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options - Central greasing system . 10'2" x 4'8" 10'	Frequency inverter for crusher drive on e-version	•	
Oversize stockpile conveyor lx w (discharge height) 2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, lx w Bottom deck, lx w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, lx w (discharge height) Fines conveyor, lx w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system			
2- deck after screen: incl oversize, recycling and fines conveyor for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w 10'2" x 4'8" Bottom deck, l x w 10'2" x 4'8" Screen media after screen Wire mesh / square mesh / Harp screen Middle fraction stockpile conveyor, l x w (discharge height) 19'8" x 1'8" (10') Fines conveyor, l x w (discharge height) 13'9" x 3'3" (10'2") Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) / Walkways besides the screen box // Other options Wheeled dolly // Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor . Wind sifter (air knife) for oversize fraction . Dust cover main conveyor / fines conveyor Volumetric belt scale . Radio remote, several options . Fuel filling pump . Central greasing system	•		
for closed circuit processing. After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w Bottom deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system - 10'2" x 4'8" 10'2" x	Oversize stockpile conveyor lxw (discharge height)	14'5" x 1'8" (8'3")	
After screen unit can be disassembled easy by fast connectors and can be placed on support legs Top deck, l x w Bottom deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	2- deck after screen: incl oversize, recycling and fines conveyor		
and can be placed on support legs Top deck, l x w 10'2" x 4'8" Bottom deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system			
Top deck, l x w Bottom deck, l x w 10'2" x 4'8" Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	After screen unit can be disassembled easy by fast connectors	•	
Bottom deck, l x w Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	and can be placed on support legs		
Screen media after screen Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Top deck, l x w		
Middle fraction stockpile conveyor, l x w (discharge height) Fines conveyor, l x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly / Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Bottom deck, l x w	10'2" x 4'8"	
Fines conveyor, I x w (discharge height) Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Screen media after screen	Wire mesh / square mesh / Harp screen	
Swiveling recycling conveyor can be used as recycling conveyor (closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) / Walkways besides the screen box / Other options Wheeled dolly / Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / . Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Middle fraction stockpile conveyor, l x w (discharge height)	, ,	
(closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable) / Walkways besides the screen box / Other options Wheeled dolly / Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / . Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Fines conveyor, l x w (discharge height)	13'9" x 3'3" (10'2")	
Walkways besides the screen box Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Swiveling recycling conveyor can be used as recycling conveyor		
Other options Wheeled dolly Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	(closed circuit) / stockpile conveyor oversize fraction (hydraulic foldable)	/	
Wheeled dolly / Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor . Height adjustable magnet separator on main conveyor . Wind sifter (air knife) for oversize fraction . Dust cover main conveyor / fines conveyor / Volumetric belt scale . Radio remote, several options . Fuel filling pump . Central greasing system .	Walkways besides the screen box	/	
Dust suppression system at crusher inlet and outlet or at end of main and fines conveyor . Height adjustable magnet separator on main conveyor . Wind sifter (air knife) for oversize fraction . Dust cover main conveyor / fines conveyor // Volumetric belt scale . Radio remote, several options . Fuel filling pump . Central greasing system .	Other options		
at end of main and fines conveyor Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor // Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Wheeled dolly	/	
Height adjustable magnet separator on main conveyor Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	Dust suppression system at crusher inlet and outlet or		
Wind sifter (air knife) for oversize fraction Dust cover main conveyor / fines conveyor / Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system	at end of main and fines conveyor	•	
Dust cover main conveyor / fines conveyor / Volumetric belt scale . Radio remote, several options . Fuel filling pump . Central greasing system .	Height adjustable magnet separator on main conveyor	•	
Volumetric belt scale Radio remote, several options Fuel filling pump Central greasing system .	Wind sifter (air knife) for oversize fraction	•	
Radio remote, several options . Fuel filling pump . Central greasing system .	Dust cover main conveyor / fines conveyor	/	
Fuel filling pump Central greasing system .	Volumetric belt scale	•	
Central greasing system •	Radio remote, several options	•
